

PETS AND VETS

This week, we have continued to learn about animals and vets. The children talked about their own pets at home, then we compared these domesticated animals to animals on a farm and in the wild. The children have gained lots of new language and enjoyed applying this new learning in our 'Vets' role play area.

The children had a very successful and energetic PE lesson this week. Our learning focuses on listening skills, responding to instructions and travelling safely. This includes using the space sensibly to travel at different speeds and change direction.

Thank you for your support in teaching the children to do their own buttons and get dressed independently. Keep practising how to turn jumpers the right way around and pull tights out the right way around. Thank you.

YOUR BOOK DROP BOOK IS HERE!

Today, your child has brought home their new Sherwood Book Drop Book, 'Meesha Makes Friends!' It is for you to keep and share with your child. Please talk about the story and the characters with your child. What does Meesha like doing at home? Who does Meesha meet at school? Do you like Josh? What does Meesha enjoy doing together with Josh? Who are their friends in school and at home? What do you like to do together? **Please keep this safe as we will be setting future homework activities based on this book.** The first one is for homework this week.

HOMEWORK

Read your **Book Drop Book**, 'Meesha Makes Friends.' Draw a picture of you playing with your friend together, just like Meesha and Josh!

Phonics homework is on **Seesaw** for your child. Look out for your fun activity and please **post a picture or video** to acknowledge its completion.

REMINDERS

'Show and Tell' continues next week. The theme list for Autumn term can be found on the **Foundation class page**. Please post a **photo or video** on Seesaw **by Tuesday night**.

Please bring in more junk modelling tubes, boxes and egg cartons. Thank you.

Thursday, 19th October is **non-uniform day**. This is a thank you for your kind harvest donations. Please dress your child in clothing that is manageable for toileting and sensible for cold or wet weather, including sensible shoes. Thank you.

NEXT WEEK

Next week we continue our learning about pets and animals. Our learning will be around the story, 'The Great Pet Sale.' We also look forward to a visit from Wilson the dog and other animals.
