

LIGHT AND DARK!

The children have really enjoyed exploring shadows and the frost outside this week. We have been on 'icy walks' and used magnifying glasses to observe beautiful patterns in the frost and develop vocabulary. Thank you for your wellies. We have used them so much already in Forest School.

We have made shadows outside and learned about silhouettes as part of our Light and Dark topic. This links to our story, 'Star in the Jar.' The children enjoyed making rhyming strings and writing a letter to the star from the boy character.

Our nativity rehearsals are going very well, with the children learning the songs and we have completed our casting. **Please find your child's costume letter in their bag today if we have requested one for your child. It needs to be in school on FRIDAY, 8TH DECEMBER please. Thank you.**

NEXT WEEK

We will continue our science topic, Light and Dark! We will be reading 'Owl Babies,' learning both about fiction and non-fiction on the theme of owls. We will also look at nocturnal animals as part of our learning about day and night.

HOMEWORK

Please complete phonics homework on Seesaw. It is so valuable to reinforce our learning at home to maintain good progress. Thank you for submitting each week.

Please go on a 'night walk' after tea. Look at the stars and look at the moon. What sounds can you hear at night.

REMINDERS

EYFS Nativity Performance – Busy Busy Bethlehem. Costumes handed in on 8th December please if you had a letter.

**Wednesday 13th December at 2.30pm
Thursday 14th December at 2.30pm**

A maximum of three places per family are available. Please book tickets through school spider **before Thursday 7th December at 2pm.** Thank you.

Christmas Party on Wednesday 20th December

Our children all receive vegetarian party food as part of their school meal.

STARS OF THE WEEK

Harriet Dodds Blake Hargraves

Kaiya Vaja Luke Knowles

Well done!
