

SHERWOOD PRIMARY SCHOOL EYFS NEWSLETTER

Week ending: 2nd February 2024

STARS OF THE WEEK!

This week our Shining Stars of the Week are:

Isaac
Eshan
Elijah
Victoria

Well done!

HOMEWORK

In our maths lessons this week, we have been learning about comparing and measuring length, width and height. For your homework this week, can you find 5 different objects and put them in order from **shortest** to **longest**. Try and talk about your objects using these words:

Short, shorter, shortest, long, longer, longest

REMINDERS

Can we politely remind you of our school uniform policy which can be found here:

https://www.sherwood.lancs.sch.uk/serve_file/2896780

Pupils are permitted to wear small, simple hair accessories but these must be in keeping with the school uniform colours.

Pupils are not permitted to wear nail polish.

Wow! What a busy week! The children have enjoyed reading 'The Gingerbread Man' and joining in with the repetitive phrases. We learnt how to follow a recipe and made our very own gingerbread men. The unit smelt delicious as they baked in the oven!

We had fun getting muddy at forest school. The children collected their own mud in buckets and then used it to paint pictures with their hands and fingers!

The children were excited to see some changes in our classroom this week. Our reading forest has had a revamp and we have a brand new 'calm corner'. This has been a great space to have some quiet time and to practise some mindfulness activities.

NEXT WEEK

Next week we will be reading our final traditional tale for this topic; 'Jack and the Beanstalk'. We are looking forward to planting our very own beans. These will be coming home over the holidays so make you post any pictures of them growing on Seesaw!
