

YEAR 5 REMOTE LEARNING PLAN

Core Learning Tasks for Thursday 30th April 2020

CORE LEARNING TASK FOR ENGLISH

This week, we will be exploring Deadly Creatures from around the world and then creating our own!

Read the following extract from 'Deadly Factbook: Mammals' by Steve Backshall:
<https://www.lovereading4kids.co.uk/search?s=deadly+mammals>

Task

Based on all you have read so far this week, design your own deadly creature. This could be a hybrid of your favourite deadly creatures such as a cobra snake and a tiger combined or a completely new creature.

Give a name for your deadly creature and draw a picture of it – labelling the key 'deadly' features around the image.

Write a few sentences to describe your creature explaining why it is so deadly.

Task Two

If possible, you could also film a 'Deadly 60' video about your new creature – imagine you are Steve Backshall on the hunt for your deadly creature. Explain to the audience what you are hunting – giving them key facts whilst you are on the search.

If not, create a fact file page about the deadly creature you have designed. Think about ensuring you have answered key questions for your reader such as; Where does it live? What makes it deadly? What does it eat? Where and how does it hunt?

CORE LEARNING TASK FOR MATHEMATICS

This week we will be sticking with addition and subtraction of decimals but advancing to more digits.

Log onto <https://www.whiterosemaths.com/homelearning/year-5/> and choose **Summer Term Week 2 (w/c 27th April)**.

Watch **Lesson 3 – Adding decimals with a different number of decimal places**. Then click on the Get the Activity tab to access the task. You can even mark your work afterwards using the Get the Answers tab. Repeat with **Lesson 4 – Subtracting decimals with a different number of decimal places**.

Once you have completed these, check your knowledge by completing the tasks assigned on Mathletics

- Adding Decimals 2
- Subtracting Decimals 2

KEEPING IN TOUCH

If you have any questions or queries regarding remote learning tasks, please contact your child's class teacher through the email address below.

We invite you to submit photographs of your children's experiences and photographs of completed paper based tasks to:

Year5@sherwood.lancs.sch.uk
