HISTORY

Although we have only just started our unit on World War 2, this week we are fast-forwarding to VE (Victory in Europe) Day to coincide with the celebrations this Friday.

Research when and how the victory in Europe was celebrated. Use evidence such as photographs, news clips and real-life accounts to find out how people felt at this time.

Record what you have found out in your Remote Learning book (organise as you wish).

This research will help you later in the week with your writing task.

KEY MENTAL MATHS SKILLS TO REHEARSE ORALLY

Explore the families of factors. Play with a member of your family – choose a number (go as high as you like!) and see who can write down the most factors of that number in one minute.
