

## YEAR 3 REMOTE LEARNING PLAN

Core Learning Tasks for Tuesday 5<sup>th</sup> May 2020CORE LEARNING TASK FOR ENGLISH

We hope you are enjoying listening to 'George's Marvellous Medicine' by Roald Dahl.

Roald Dahl is a master with vocabulary and often puts his amazing words in short rhymes. You can see this in 'The Cook Up' chapter.

**Fiery broth and witches brew  
Foamy froth and ritches blue  
Fume and splume and spoondrift spray  
Fizzle swizzle shout hooray  
Watch it sloshing, smashing, splashing  
Hear it hissing, squishing, spissing  
Grandma better start to pray**

Your task is to try to make a short rhyming pattern yourselves. Use these **subject** words and try to create a pattern of rhyming words to describe the subject. You can include a non-rhyming word, a mix of real words and words that sound like the words they are describing (eg. FIZZ and BUZZ and WHOOOOSH). Go mad but don't make it too long.

We've done the first one for you as an example in red:

**Pancakes** - Sloppy, floppy, flipping droppey!  
**Now you try:**

Eggs:

Puddles:

Medicine:

You can choose your own subject if you want.

CORE LEARNING TASK FOR MATHEMATICS**Practising numbers over 100**

1. Play 'Yes or No' - with a partner at home (parents, sister or brother) one of you picks a number between 101-200. That person keeps it in their head. For example 150. The other person asks questions 'Is your number an even number?' You can reply 'yes'. The other person can then ask another question until they guess the number.
2. Add on 20. Pick any number and add on 20. Spot the pattern. Keep adding on 20.
3. Start at 190 and add 10. Now repeat but add 11. Repeat but add 12, then 13, 14, 15 etc.
4. Look at the pattern.

Complete your assigned task on **Mathletics**
