reinforce	strengthen or support (an object or substance), especially with additional material

HISTORY

World War 2 Timeline – please see the Powerpoint presentation on the website for your task.

ARTS FOCUS

Nature in Your Neighbourhood

The Year 6 team and *Into Film* want you to **create a short film** and use nature and your surroundings in an engaging and creative way, to capture the calmness and document something you've noticed or appreciated while spending more time in your local area. Whether it's in the garden, the local park, or even from inside the home, the natural world is all around us.

Get creative and **use your natural surroundings** to make a short film, **3 mins or under** in length (including titles and credits) using what equipment you have in the home. Films can be made on a mobile phone, tablet or camera, and the *Into Film* website have a range of filmmaking resources to help support you. Make sure you send us your film via the Year 6 email – you can even enter them in the competition on the *Into Film* website to be in the chance of winning a home filmmaking bundle worth £300 (closing date Friday 19th June).

Please see the website for more information, film-making guides.
