

SHERWOOD PRIMARY SCHOOL

YEAR 1 REMOTE LEARNING PLAN

Tuesday 12th January 2021

CORE LEARNING TASK FOR ENGLISH

At the end of the story Zog, Princess Pearl and Sir Gadabout head off to become the flying doctors.

Where do you think they might go? Who do you think they will meet? What do you think will happen?

Today you are going to plan the next chapter of the story with pictures using the frame sent to you on Seesaw.

Challenge: Annotate your pictures to briefly describe what is happening.

This plan will help you with tomorrow's writing task.

CORE LEARNING TASK FOR MATHEMATICS

We continue to learn about the place value of different numbers. Today we are going to learn how to partition. This means split a number up into tens and ones.

In the video I use the part whole model to partition the numbers. Have a go at partitioning the numbers and then draw the base 10 jottings as well.

Once you have partitioned the numbers into 10s and 1s have a go at today's challenge can you spot what has gone wrong?

KEY VOCABULARY

Maths – tens, ones, partition, jottings,

English –said, have, like, so, do, some, come, little, one, were, out, what, when, there.

Challenge- Practise spelling these tricky words then test yourself to see if you can remember them.

WIDER CURRICULUM TASK

Today in PE we are practising how to balance.

- How many different body parts can you balance on?
- Can you balance on your back and tummy? What do you do with your arms and legs?
- Can you balance on your hands and feet? Can you lift one hand or leg off the floor?
- Choose your favourite 3 balances. Can you add them together to make a sequence. Perform your sequence to someone else. What do they think?

Top tip: Be still! All balances must be held completely still for at least 4 seconds. Make your balances excellent by pointing your fingers and toes.
