

SHERWOOD PRIMARY SCHOOL

YEAR 2 REMOTE LEARNING PLAN

Tuesday 12th January 2021

CORE LEARNING TASK FOR ENGLISH

Today in English we are continuing to look at contracted forms in our SPaG and read the next chapter of Chilly Billy. We will then consider what Chilly Billy would say, think and feel.

SPaG

Please watch Jack Hartmann contractions video 2 which shows us more examples of contracted forms.

https://www.youtube.com/watch?v=Bfl20_WVQfA

Then, can you write a list of words that are contracted?

English

Today we are reading Chapter 5 of Chilly Billy. The text is available for you to read online and Miss Rimmer has created a video of her reading the text also.

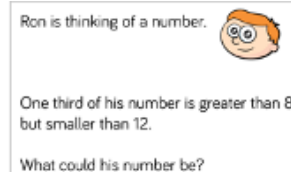

We are going to consider what Chilly Billy might think, feel and say in Chapter 5. Miss Rimmer has modelled a video of how to do this.

The work to be completed has been sent via SeeSaw.

CORE LEARNING TASK FOR MATHEMATICS

Today in Maths, we are continuing to look at thirds. Today, we are going to be finding a third of an amount or shape. Please complete the following tasks:

1. As a starter, please can the children answer the questions about bar charts:
https://mathsframe.co.uk/en/resources/resource/51/bar_charts
2. Explain by writing or verbally what a third is. Can you draw what a third looks like?
3. Watch Miss Hough's video on how to find $\frac{1}{3}$ of amounts.
4. Please complete the activities that Miss Hough tells you on the video.
5. If you are wanting a challenge- please find the question below which can be found on the Remote learning page:

PHONICS

This week, we will be looking at adding the -est suffix to adjectives. For today's tasks, we would like you to:

1. Recap on some Phase 5 sounds; say these sounds aloud.
2. Read aloud the following words: **everybody, hold, Mr and poor.**
3. Learn about the rules of adding suffix est to the spelling of base words from Miss Hough's video.
4. Complete the sheet on the Remote Learning Page.
5. Record yourself explaining the rules learnt. Pretend you are the teacher!

Please see the video online to support these tasks.

WIDER CURRICULUM TASK- SCIENCE

Following on from last week, we would like you to complete the following tasks on our theme of Plants.

1. Please could you draw a picture of a plant and label the different parts of a plant.
2. Please could you research and find out what the job is, of each part of a plant and write a sentence about each job.
3. Please research what a bulb looks like and what a seed looks like. This could be through the Internet/ real life bulbs and seeds. Use the magnifying glass template or a piece of blank paper to draw your bulb and seed.
4. Have a look at the following images:

- Which images shows seeds? Which images show bulbs?
5. Discuss which image is the odd one out? Can you explain why?
