

Antoni Gaudí

Gaudí was famous for his unique, colourful and modernist architecture. He was inspired by **natural forms** in nature like caves, mountains, plants and even bones! He copied their **smooth and rough** surfaces. He copied their **curved shape**.

Antoni Gaudí

Gaudí wanted people to feel connected with **nature** when they used his sculptures to sit on or his buildings to live in. He wanted them to use their **senses**.

Gaudí was an **architect** and an **artist**. He designed many buildings, sculptures and public spaces. Many are in **Barcelona** in Spain. One of the most well-known is **Parc Guell** in Barcelona. Watch this animation with Matí and Dada to see the curves and the mosaics!

Use your senses
Connect with nature

Antoni Gaudí

Your Task

Print off some pictures of Gaudí's work. Stick them in your book/ sketchbook over two pages. Write about Gaudí. Use the green highlighted words to help you.

Draw an animal of your choice to fill an A4 piece of paper. Use felt tips to colour in a mosaic style.
