

# SHERWOOD PRIMARY SCHOOL

## YEAR 5 REMOTE LEARNING PLAN

Tuesday 26<sup>th</sup> January 2021

### CORE LEARNING TASK FOR ENGLISH

Last week, you wrote some FANTASTIC Science Fiction stories. You all managed to show us examples of the key skills that we were focusing on. WELL DONE! Today you will be showing us how much you have learnt! We would like you please to write a different version of the Science Fiction story – this time, from the Earthling's point of view.

Using the plan on the website, Mrs Sheppard's video AND the sentences that you created yesterday, we would like you to please complete your independent writing. Follow Mrs Sheppard's guidance and have the plan and last week's story in front of you to keep you on track.

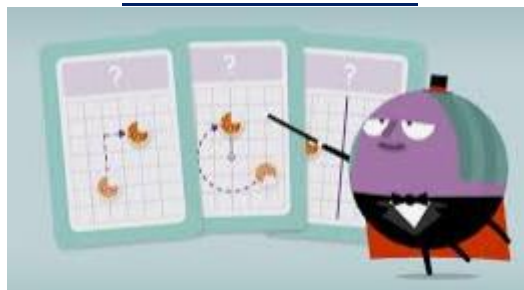

It is important that you remember to include the key skills in your work (and don't forget the paragraph focus from yesterday!)

Once you have finished, read through your work a couple of times, looking for any spelling or punctuation errors, check it makes sense, and includes all of those key skills!

We cannot wait to read them!

### CORE LEARNING TASK FOR MATHEMATICS

Today, continuing our theme for this week of geometry we will be looking at Translations. Watch the video on the remote learning page and this from espresso,

[https://central.espresso.co.uk/espresso/primary\\_uk/subject/module/video/item370994/grade2/module370984/index.html?source=search-all-all-all&source-keywords=translations](https://central.espresso.co.uk/espresso/primary_uk/subject/module/video/item370994/grade2/module370984/index.html?source=search-all-all-all&source-keywords=translations)

Before completing the question's supplied.

If you need any help please get in contact, either by the Year 5 email or send a voice message on Seesaw.

In addition to this today you have a mental arithmetic to complete. Remember, it's for 20 minutes and then stop. Record what you have done and complete in a different colour if you wish to see which ones you CAN do.

We will then put the solutions up later for you to mark yourselves or send them in to us via Seesaw.

Remember to watch Mrs. Sheppard's video about the Badge 12 and let's see if we can all achieve this by the end of the Year.

ENJOY!!

### KEY VOCABULARY

#### Spelling Focus.

Before we continue onto our new learning for this week we need to revisit the words of the week previously given.

Once you have completed these we will move onto the new words for this week which are,

**bruise, cemetery, secretary, twelfth and amateur.**

Work on learning these words using a variety of techniques to include muscle memory, pyramid words, etc.

### WIDER CURRICULUM TASK

#### RE

Following on from last week and our discussions of sacred or important books, of which there were some absolutely fantastic answers, we are going to continue considering How Sikh stories can be an important way of expressing belief and meaning.

Read the story of Bhai lalo and Malik Bhago and think about the themes encountered.

<http://www.realsikhism.com/index.php?subaction=showfull&id=1193624845&ucat=9>

Thinking of the themes of equality and honesty answer the questions in response to the story found on the remote learning page.
