

SHERWOOD PRIMARY SCHOOL

YEAR 6 REMOTE LEARNING PLAN

Date: Tuesday 9th February 2021

CORE LEARNING TASK FOR ENGLISH

Today, we are going to plan our hybrid text and write the opening paragraph – please see the Powerpoints and watch the tutorial videos.

Also, you may need to continue your research to ensure you have enough information for your hybrid text.

You also have a spelling activity on silent letters and unstressed vowels.

Finally, continue with your Macbeth books, edit and improve your work and present it as a final piece.

READING WITH YOUR CHILD

Please continue to read daily and record this in your diary. Today you will be assigned a focused reading task via Seesaw. Please read the text and complete the task set. **New books this week!**

CORE LEARNING TASK FOR MATHEMATICS

Yesterday, you did really well with the work on simplifying fractions related to knowing confidently your times-tables and division facts; factors and multiples; and knowing and describing a Prime Number.

Today, we are going to squeeze two days together, so this may go into your Wider Curriculum time – don't worry! You are going to be looking at addition and subtraction of fractions so you need to have a really good knowledge of Multiples to find the Lowest Common Denominator.

$$\frac{1}{3} + \frac{1}{4}$$

Please watch the video and view the presentations (**Maths – Tuesday** and **Maths – Wednesday**).

Complete the tasks and check your answers.

You are also going to complete a Mental Arithmetic Test – (Arithmetic Spring Test 4). The answers will be posted on SeeSaw this afternoon, after we have completed it in class.
