

CORE LEARNING TASK FOR ENGLISH

In our English today, we will be writing the conclusion to our non-fiction text. This week you have been writing our non-fiction text 'All About Castles.' You have been doing a super job and we have been impressed with all your hard work!

Use your actions and the text map to help you write as independently as possible. Don't forget to include:

- Capital letters at the beginning of a sentence and for names.
- Finger spaces
- Exciting adjectives
- Sound out each word using your phonics.

Make sure you say each sentence before you write it

CORE LEARNING TASK FOR MATHEMATICS

Today we are going to look at some problems. All the problems involve grouping so read the questions carefully and work out what the number sentence is. Then you will be able to draw the jottings and group them correctly. Today we continue our work on division but grouping instead of sharing. Watch the video to see the difference.

To get yourself warmed up this (you're going to need it, it's freezing today!) follow these links to recap our work on the days of the week and months of the year.

KEY VOCABULARY

Maths – groups of, division, sharing.

English – lowly, lavish, sumptuous, splendid, imposing, glorious

Challenge - find out what these adjectives mean by looking in a dictionary then see if you can use any of them appropriately in your writing today.

WIDER CURRICULUM TASK

In science, we are going to show all that we have learned all about our bodies and senses. On the blank body map label as many body parts as you can. On the second sheet describe what you have learned about each of the five senses. In our PSH work today we would like you to produce a poster about keeping our whole body healthy. Think about all the things you have covered this half term.
